

GRE AWA Practice Test 4 - Issue

Question 1

As we acquire more knowledge, things do not become more comprehensible, but more complex and more mysterious.

Write a response in which you discuss what questions would need to be answered in order to decide whether the recommendation and the argument on which it is based are reasonable. Be sure to explain how the answers to these questions would help to evaluate the recommendation.

Question 2

We learn through direct experience; to accept a theory without experiencing it is to learn nothing at all.

Write a response in which you discuss what questions would need to be answered in order to decide whether the recommendation and the argument on which it is based are reasonable. Be sure to explain how the answers to these questions would help to evaluate the recommendation.

Question 3

Laws should not be rigid or fixed. Instead, they should be flexible enough to take account of various circumstances, times, and places.

Write a response in which you discuss what questions would need to be answered in order to decide whether the recommendation and the argument on which it is based are reasonable. Be sure to explain how the answers to these questions would help to evaluate the recommendation.

Question 4

People are too quick to take action; instead, they should stop to think of the possible consequences of what they might do.

Write a response in which you discuss what questions would need to be answered in order to decide whether the recommendation and the argument on which it is based are reasonable. Be sure to explain how the answers to these questions would help to evaluate the recommendation.

Question 5

It is possible to pass laws that control or place limits on people's behavior, but legislation cannot reform human nature. Laws cannot change what is in people's hearts and minds.

Write a response in which you discuss what questions would need to be answered in order to decide whether the recommendation and the argument on which it is based are reasonable. Be sure to explain how the answers to these questions would help to evaluate the recommendation.
