

ICAR AIEEA PG 2026 Plant Sciences Analysis

The ICAR AIEEA PG 2026 Plant Sciences paper left most students with an easy-to-moderate impression overall. Several candidates who compared notes after the exam felt it was a notch easier than last year, sticking to a fairly predictable pattern with no real curveballs in terms of style or difficulty.

Going by what students recalled after walking out of the exam hall, here's roughly how the topic-wise weightage panned out:

- Plant Pathology – 40 questions
- Genetics – 35 questions
- Agricultural Microbiology – 14 questions
- Seed Technology – 13 questions
- General Agriculture – 8 questions
- Plant Breeding – 5 questions
- Plant Physiology – 2 questions
- Biochemistry – 2 questions
- Agriculture Current Affairs – 1 question
